OUR PROJECTS

Established and Launched in 2013 in Beirut- Lebanon

We are the experts in Walls, Ceilings and Floorings and facades. We build long-term partnerships with customers, employees, vendors and society at large. Our employees are our greatest potential. In a secure and motivating environment, we encourage their development and their passion for achievement. Our clients entrust us with their personal space, their walls and ceilings and let us be part of their project, knowing that we are ready to provide them with exceptional products, perfect service, professional guidance and luxurious comfort.

OUR MISSION

We strive to create mid to long term value continuous growth. At surfaces we are close to our people, our service providers, our customers, our architects and our contractors we maintain strong connections, this gives faster, more flexible and above all – better business.

OUR VISION

SURFACES is specialized in interior and exterior decoration solutions offering all essentials from ceiling flooring and wall canvases to external facades all under one roof. Our vision is to be the number one address for the widest range of quality products with the highest levels of customer service.

A rustic dining room with a wooden table, chairs, and butterfly art. The room features a white brick wall, a blue cabinet, and a large window with a black frame. A black pendant light hangs from the ceiling. The floor is made of light-colored wood planks.

OUR PRODUCTS

FUNDERMAX®

MADE IN AUSTRIA

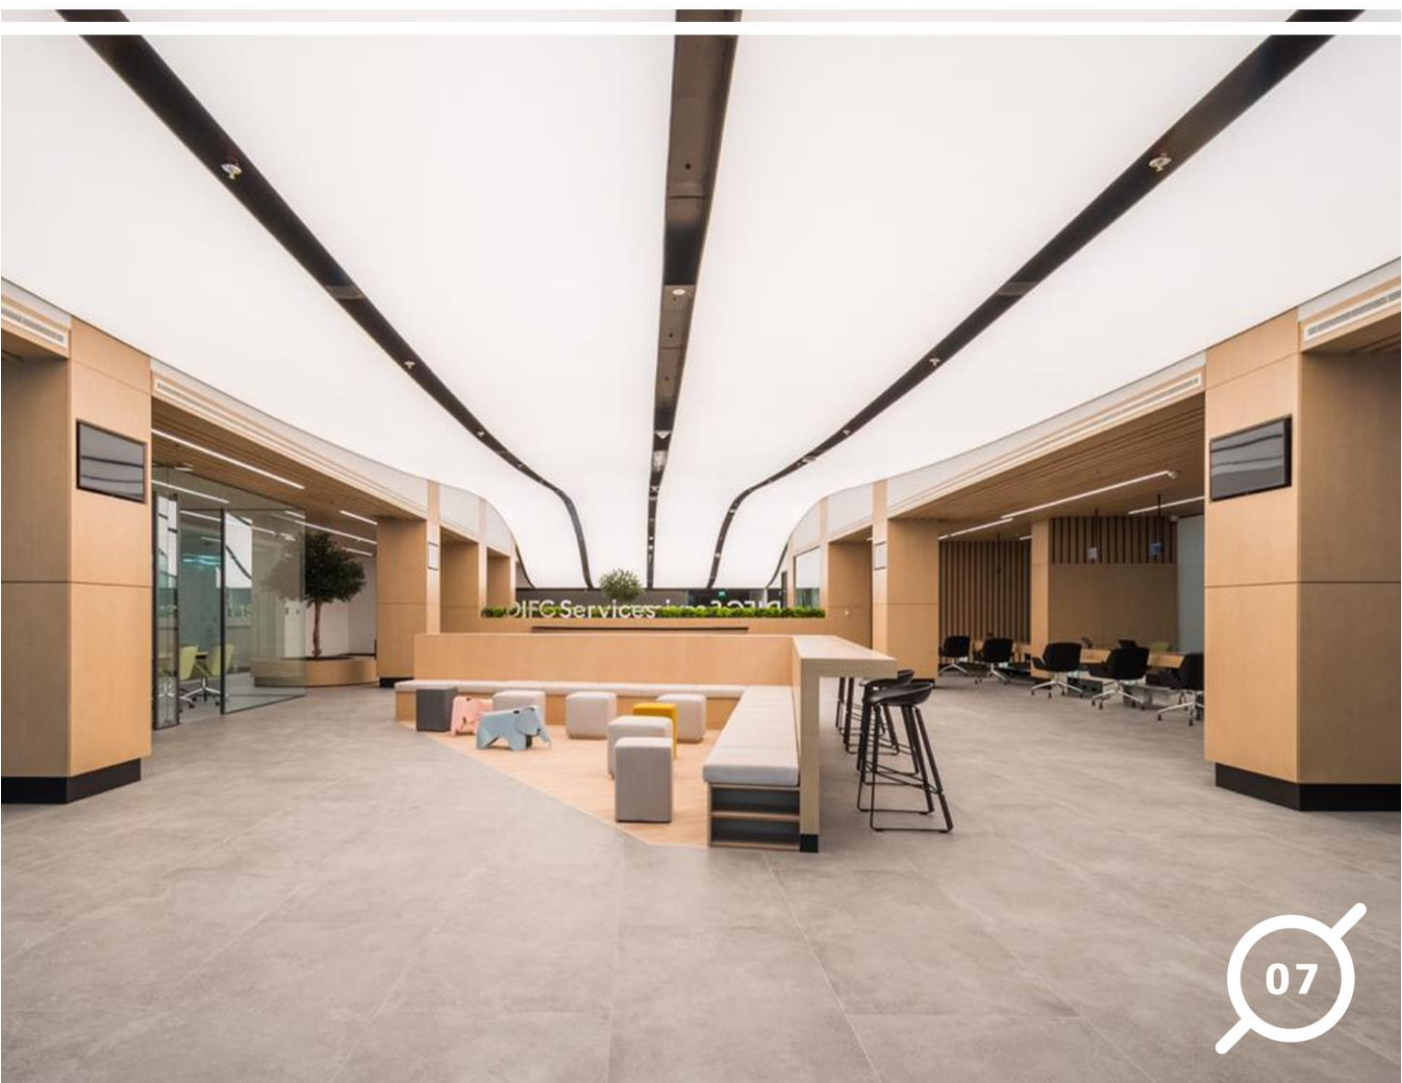

FunderMax Exterior Compact Laminate is a high-quality construction product that is available in large format panels for building facades and cladding balconies, pergolas etc... Fundermax's interior collection allows you to produce fascinating products using the HPL- High pressure Laminate also known as phenolic panels. With the Max Interior, so much can be done. From long lasting interior furniture (tables, chairs, countertops...) to toilet cubicles and lockers. The HPL is a product which is resistant to abrasion, impact, scratches and extreme temperature variations.

CLIPSO[®]
so different

SWAL

We are the sole distributors of **SWAL SYSTEM**[®] & **CLIPSO**, designed and assembled in France. We personalize your stretch canvas walls and PVC ceilings by digitally printing it with UV techniques. We also provide soundproofing and acoustic corrections with our Clipso Acoustic line. *All the above is done with a perfect finish due to our special profiles.*

Krono Original® laminate flooring offers an extensive array of designs: authentic new interpretations of high quality woods, exceptional designs, imaginative motifs – from classic to vintage, we have everything you're looking for. And all is made in Germany.

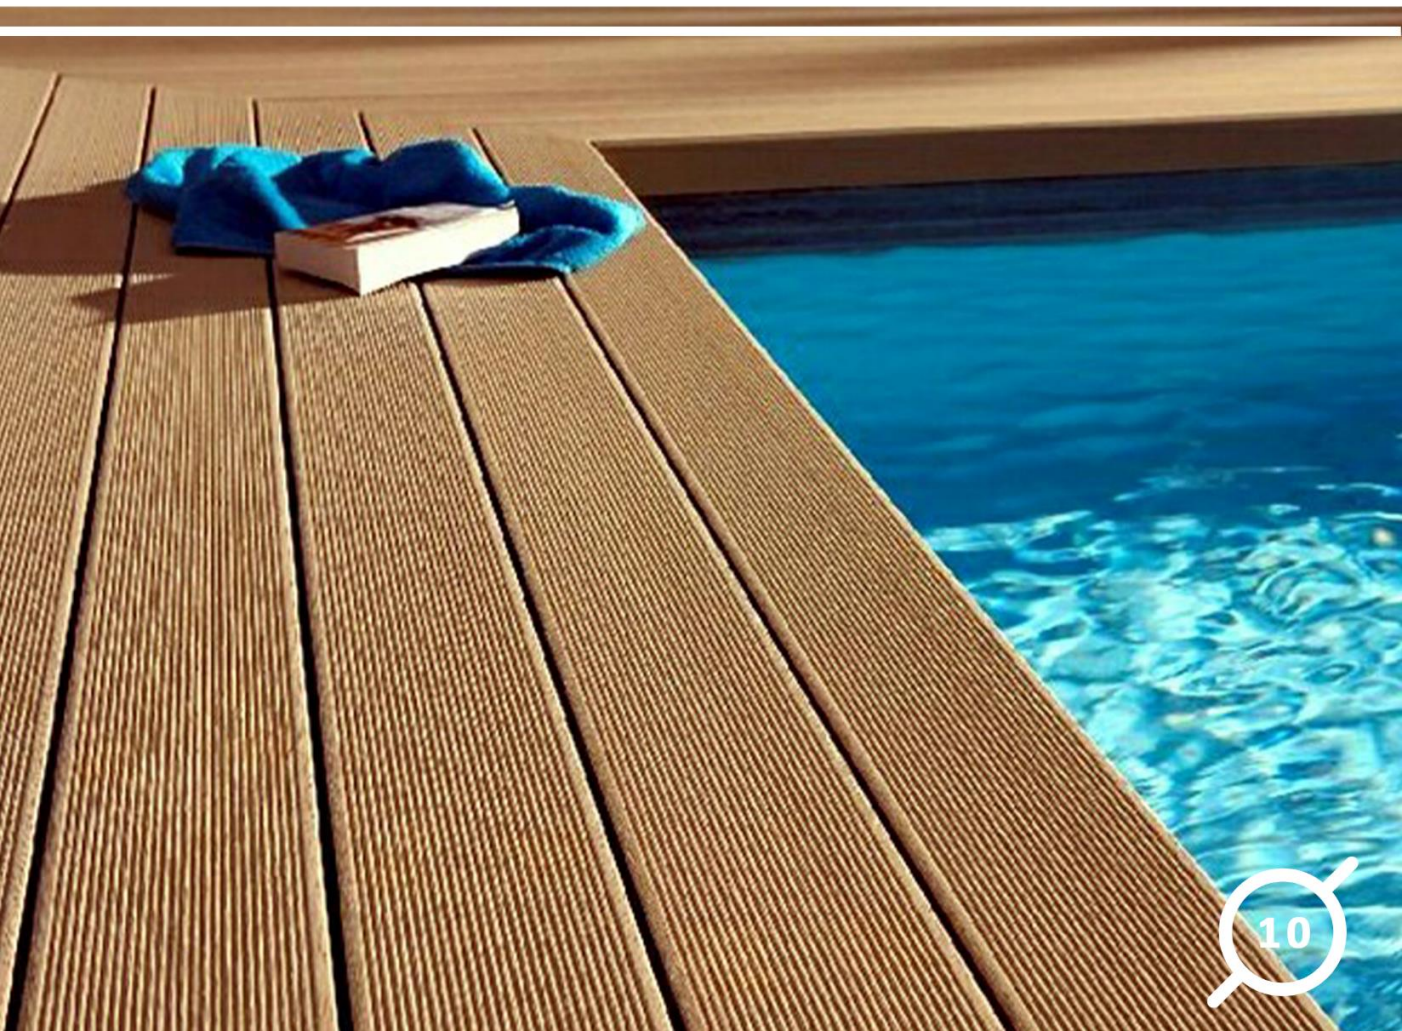

The Barlinek Group is one of the world's leading manufacturers of layered wood floors. It offers a wide range of engineered flooring to meet all tastes. And all is made in Poland. The Barlinek floorboard is a natural and noble product created from genuine wood. Wooden floorboards are healthier and more durable than any kind of synthetic imitation. They provide perfect soundproofing, and thanks to their ability to absorb humidity they regulate microclimate of the room. Also, the Barlinek wooden floorboard can be sanded down and renovated with lacquer many times.

Wood Plastic Composite

Wood Plastic Composite Decking:

Our WPC decking is engineered to stand up to harsh weather and resist to molds and insects. The client can enjoy outdoor decking with long-lasting look and maintenance free.
