ABOUT SURFACES

Established and launched in 2013 in Beirut- Lebanon by Gilbert Azzi and Nadine Wakim,
We are the experts in Walls, Ceilings and Floorings.
We build long-term partnerships with customers, employees, vendors and society at large.

Our employees are our greatest potential. In a secure and motivating environment, we encourage their development and their passion for achievement.

Our clients entrust us with their personal space, their walls and ceilings and let us be part of their project, knowing that we are ready to provide them with exceptional products, perfect service, professional guidance and luxurious comfort.

A hand is shown in the upper right corner, placing wooden letters on a light-colored, textured surface. The letters spell out 'VISION'. The background is a collage of geometric shapes, including a large white triangle on the left and a green triangle on the right, separated by thin white lines.

OUR VISION

SURFACES is Specialized in interior and exterior decoration solutions offering all essentials from ceiling, flooring, and wall canvases to external facades all under one roof. Our Vision is to be the number one address for the widest range of quality products with the highest levels of customer service.

OUR MISSION

We strive to create mid to long term Value continuous growth. At surfaces we are close to our people, our service providers, our customers, our architects and our contractors we maintain strong connections, this gives a faster, more flexible and above all - better business.

OUR PRODUCTS

We are the sole distributors of SWAL SYSTEM®, designed and assembled in France.

We personalize your stretch canvas (wall or ceiling) by digitally printing it with UV techniques.

We also provide soundproofing and acoustic corrections with our Swaltex® Acoustic MHF line.

All the above is done with a perfect finish due to our ClipSwal® profiles which is a benchmark for precision.

The Barlinek Group is one of the world's leading manufacturers of layered wood floors. It offers a wide range of engineered flooring to meet all tastes. And all is made in Poland.

The Barlinek floorboard is a natural and noble product created from genuine wood. Wooden floorboards are healthier and more durable than any kind of synthetic imitation. They provide perfect soundproofing, and thanks to their ability to absorb humidity they regulate microclimate of the room. Also, the Barlinek wooden floorboard can be sanded down and renovated with lacquer many times.

Wood plastic composite decking: our WPC decking is engineered to stand up to harsh weather and resist to molds and insects. The client can enjoy outdoor decking with long-lasting look and maintenance free.
